

Security information for online donations to Reed's scholarship fund at SJHS

Because SJHS uses **donorperfect** to process donations, it can seem insecure to donate online.

One way to be cautious is to go to the official saintjoehigh.com website and use the GIVE link on the top-right corner of their home page. If you use the GIVE link, **please be sure** to enter "Reed Oei" in the Memorial Donation field.

However, you will notice their GIVE link also points to...

<https://interland3.donorperfect.net/weblink/weblink.aspx?name=E346966&id=1>

Reed's link in the previous page points to...

http://weblink.donorperfect.com/SJHS_ReedAOei_Memorial_Scholarship

which is simply a redirect to...

<https://interland3.donorperfect.net/weblink/weblink.aspx?name=E346966&id=11>

It is also confusing that they use both "donorperfect.**net**" and "donorperfect.**com**".

interland3 may change, but "donorperfect.net" and "donorperfect.com" should not (unless the company changes management).
